YORK **YOS** OPEN STUDIOS 2019

WELCOME to York Open Studios 2019. We are delighted to invite you to our largest event yet, with an incredible 149 local artists and makers opening their studios and workshops to the public.

Over the course of two weekends you will have the opportunity to meet some of York's many talented artists, to talk to them in person about their processes and see the spaces in which they work, and perhaps also to pick up a unique, locally-made piece of art to take home. Our venues range from garden sheds to historic buildings, but in each one you will find the makers themselves ready to welcome you to take a look behind the scenes.

We would like to thank all of the artists, hosts, volunteers and sponsors for who support York Open Studios, and without whose help and hard work the event wouldn't be possible. And of course, we would like to thank you, the visitors, for making the most of this wonderful event.

We hope you enjoy York Open Studios 2019.
York Open Studios Committee.

“ I LOVE EVERYTHING ABOUT YORK OPEN STUDIOS. IT HERALDS THE START OF SPRING AND CREATIVITY AND NEW ART AND THE BEAUTY AROUND US. FRIENDS AND FAMILY GET TOGETHER IN ADVANCE TO PLAN OUR DAYS AS SOON AS THE EXHIBITORS ARE ANNOUNCED. IT'S SO INSPIRING! ”

York Open Studios Visitor 2017

OUR ARTISTS

Our line-up reflects the wonderful variety of artists in York, showcasing everything from oil painting to ceramics to photography. All of the artists taking part in this year's event have been carefully selected by an independent panel to ensure that the work featured is of the highest quality.

This year our line-up includes student artists representing York College and York St John University, and again we are excited to have the opportunity to offer a bursary to the two multimedia artists, Tom Smith and Peter Baker.

PLAN YOUR VISIT

To make the most of the event, we advise using this guide to help plan your route.

Each artist has a sequential venue number and a map reference which can be found in the index and on each artist listing. This is to help you identify artists' locations on the foldout map at the back of the directory. To make navigation easier, where several artists are sharing a single venue, their entries follow each other in the directory.

We also have a clickable interactive map on our website, as well as a mobile site which can tell you which studios are near your location when you are out on the trail.

SPOTTING A STUDIO

You can plan your route around the event by using the map and information provided in this directory. When you are on the streets, however, you should also keep a look-out for our signage. Look for handy posters pointing out directions, and easy to spot balloons marking venues.

DEMONSTRATIONS

Many of our artists have kindly agreed to hold demonstrations or interactive workshops throughout the event. To see which artists will be doing this, look for the demonstration symbol in the artist listing, and head to our website for further information and specific times.

TASTER EXHIBITION | ST MARY'S CHURCH

30 MARCH | 10AM-5PM

31 MARCH | 10AM-2PM

This year we will be holding a Launch Exhibition at the beautiful York St. Mary's Church in the centre of the city. This exciting event will showcase work from many of the artists taking part in York Open Studios, and is an excellent opportunity to meet some of these artists and to get a taste of what is to come during our open weekends.
