YORK OPEN STUDIOS 2023

WELCOME to York Open Studios™ 2023. This year we have more than 150 artists exhibiting in over 100 venues and we have been able to reintroduce popular parts of the event which were absent during the pandemic.

Over two weekends we invite you to meet some of York's most talented artists. Chat to them in person about their processes, look around the places where they work and perhaps choose a unique piece of art to take home. Venues range from small studios in the artists' homes to large commercial workshops and often offer access to special places not usually open to the public, and of course what makes York Open Studios different from so many other exhibitions is that at every venue you will find the makers themselves ready to welcome you and show you around.

Before our open weekends we are delighted to see the return of our free Taster Exhibition for the first time since 2019. Over the first weekend in April most of our artists will be showing a representative piece in a single location to help you choose which studios you would like to visit. (More details on page 4).

OUR ARTISTS

Our line-up reflects the wonderful variety of artists in York, displaying a huge range of media and styles. All our artists either live or have a permanent studio within 10 miles of the centre of the city. Selection is by an independent panel who assess applications based on the images and artist statements submitted. For our 2023 event our selectors were Kate Moores (Saltbox Gallery), Josie Beszant (Masham Gallery) and Alison Bartram (Heart Gallery) and we would like to express our appreciation for their conscientious contribution.

We have our regular student showcase again with students representing both York College and York St John University. This is often a student's first experience of sharing their work with the public and they are looking forward to meeting you. We are also pleased to have been able to offer bursaries to three artists presenting multi-media installations.

York Open Studios™ is a self-funded non-profit organisation run by volunteers and artists and we are grateful to our visitors for the support and encouragement which enables the annual event to continue.

IF YOU ARE AN ARTIST LIVING OR WORKING WITHIN 10 MILES OF YORK WHO WOULD LIKE TO TAKE PART IN 2024, LOOK OUT FOR OUR CALL FOR ARTISTS IN THE SUMMER. APPLICATIONS OPEN IN JULY AND SELECTION TAKES PLACE IN SEPTEMBER.

PLAN YOUR VISIT

To make the most of the event, we recommend using this guide to help plan your weekends. Each artist has a sequential venue number and a map reference which can be found in the index and on each artist listing. These will help you identify the artists' locations on the fold-out map at the back of this directory or on our online map. Where several artists are at the same location, you will find their entries follow each other in the directory.

The clickable interactive map on our website can tell you which studios are near you when you are out on the trail. Please also visit our website for more information about each artist, including biographies, additional images and helpful directions to their studios.

SPOTTING A STUDIO

When you are visiting studios, look out for our bright yellow signage pointing you the right way and balloons marking the venues. (Please note only the artists and venues listed in this directory are part of the event).

DEMONSTRATIONS

Many of our artists are planning to give demonstrations during the event. To see which artists are doing this, look for the 'D' symbol in the artist listing, and head to our website for further information and specific times.

PREVIEW EVENING

Some artists are offering an additional chance to see their work at a Public Preview in their studios on Friday 14th April, 6pm-9pm. Please check their individual listings to see who is taking part in this.

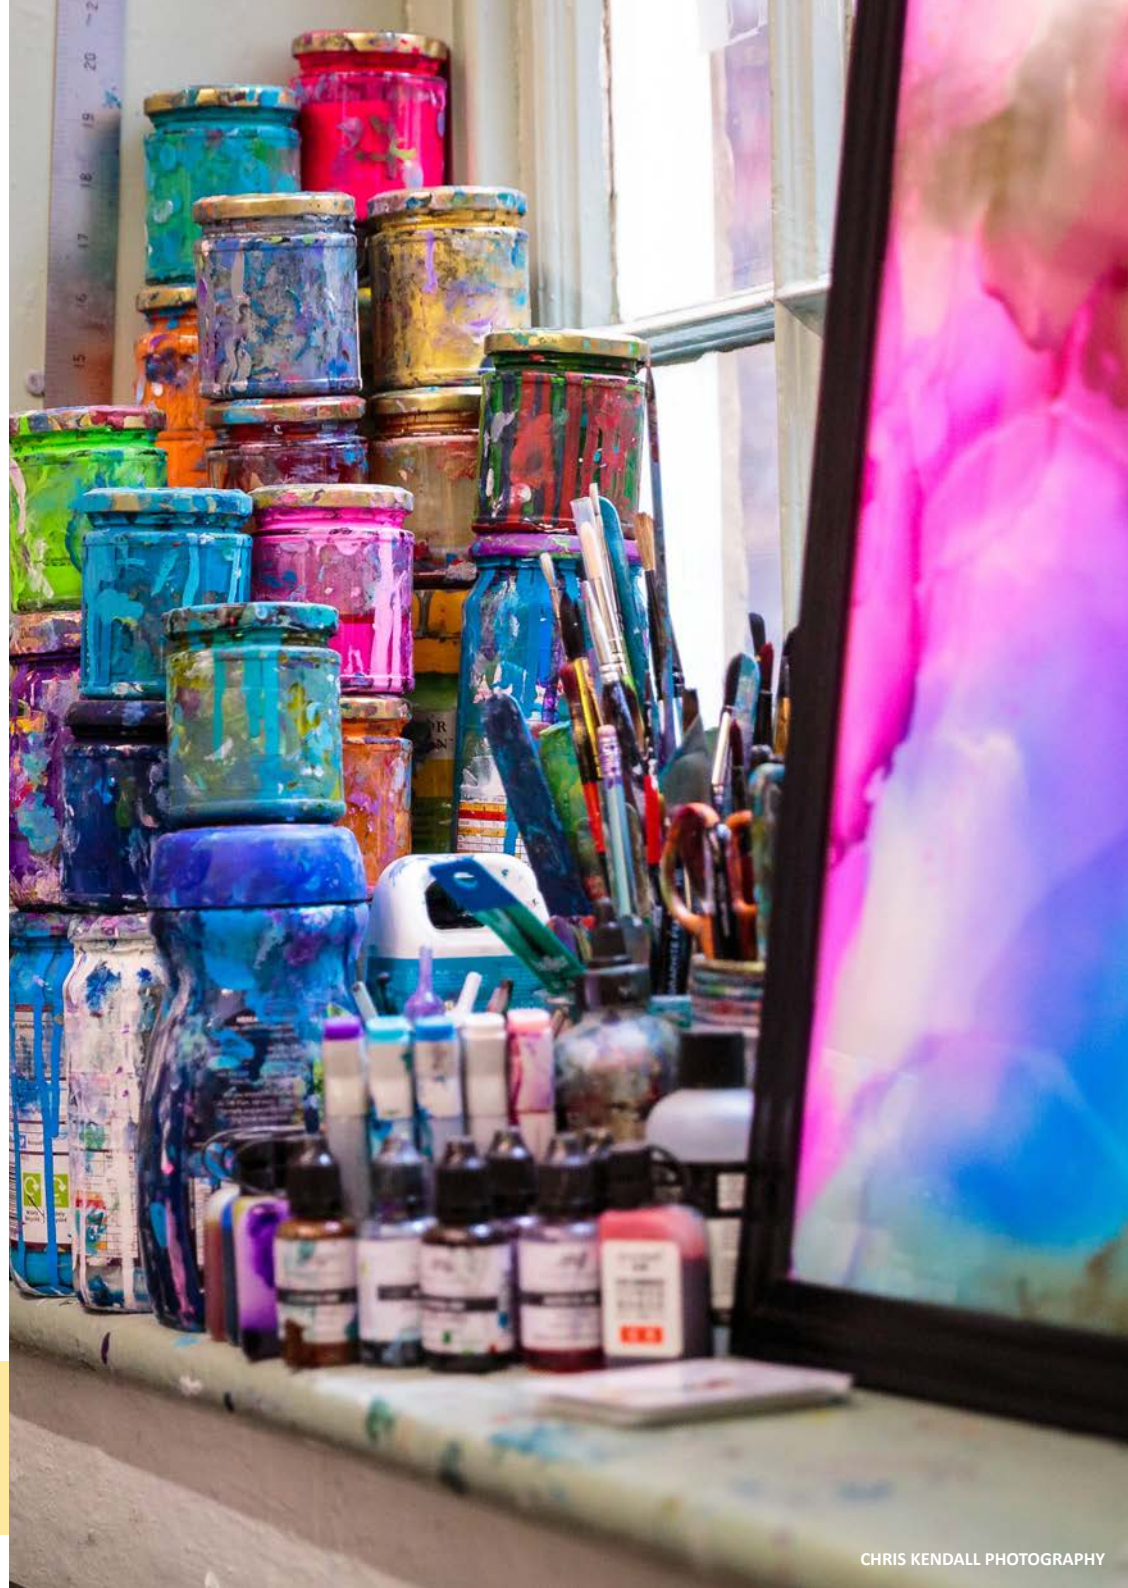

TASTER EXHIBITION

THE HOSPITIUM, MUSEUM GARDENS, YORK, YO31 7DR

1-2 APRIL | 10AM - 4PM

Our launch exhibition is in The Hospitium in the beautiful surroundings of Museum Gardens in the centre of York. It will include examples of work from most of the artists taking part in York Open Studios, giving you the opportunity to get a taste of what is coming up and plan your studio visits. Free admission.
